# BUILDING AND GROUNDS INSPECTIONS

Safety inspections are one of the principal means of determining possible causes of accidents before they cause injury. Inspections should not be limited to search for unsafe physical conditions, but should also include examination to detect unsafe practices.

The school buildings shall be inspected at least annually.

The inspection shall be supervised by the District Administrator and Director of Maintenance.

Unsafe conditions are to be identified and corrected as soon as possible. Such conditions and the means taken to correct them shall be reported to the Board.
