RIB LAKE ACCEPTABLE USE FOR COMPUTER NETWORKS CONSENT FORM

All students of the School District of Rib Lake who access the Internet and related services including Google Apps (GAPPS) must have a signed Acceptable Use for Computer Networks on file annually and adhere to the expectations of the supervising teacher. The policy and accompanying Code of Conduct and Guidelines will be discussed with students annually. Please note that:

INTERNET USE IN SCHOOL IS A PRIVILEGE AND NOT A RIGHT.

Access will be monitored and the continued availability of the Internet and related services is dependent upon appropriate student use. Guidelines are provided so that students/parents/guardians are aware of the responsibilities that accompany the privilege of using the Internet and GAPPS.

All users of the internet and related services are responsible for their actions. Unacceptable use will result in the suspension and/or revocation of network privileges and possibly other disciplinary action. The School District of Rib Lake staff will determine what is "unacceptable use" in accordance with established guidelines. Such decisions are final.
